

taskforce is a superior provider for the placement of top-rung Interim Managers and temporary experts. We make measurable contributions to the success of our clients with efficient solutions.

INTERIM EXPERTS

taskforce **INTERIM EXPERTS** support client companies in all line functions. With expert knowledge, cultural competence and experience from numerous mandates and projects, they achieve their agreed goals efficiently and reliably.

Our pool consists of over 5,000 qualified expert profiles.

INTERIM EXECUTIVES

taskforce **INTERIM EXECUTIVES** have many years of line management experience at first and second executive levels.

Well over 1,500 **INTERIM EXECUTIVES** – including 130 carefully selected partners – assume temporary responsibility at management level, and reliably bring demanding mandates and projects to a successful conclusion.

MANAGEMENT REQUIREMENTS

Shortage of resources

Shortage of expertise

Urgent vacancies

LINE MANAGEMENT

Effective management from the start

- Many management tasks are unforeseen and time-sensitive
- Internal managers generally function at capacity, and redundant capacities would be inefficient

PROJECT MANAGEMENT

Efficient execution enhances added value

- The number of important projects continues to rise, but only a third of them achieve their objectives
- The control of complex projects requires top-rung competencies and extensive experience

KEY SERVICES

- Management – restructuring, optimization, succession, sale
- Transformation – processes, products, business models
- Growth and Optimization – sales excellence, innovations, internationalization
- Supply Chain Management – purchasing, logistics, production
- Project Management – complexity, capacities, competencies
